What are Nursing Home Healthcare Services?

The View Hospital offers comprehensive Nursing Home Healthcare Services, bringing quality nursing care directly to patients in the comfort of their own homes. Our dedicated nursing team provides essential medical support based on clinical requirements, ensuring patients receive the specialized care they need.

Scope of Services:

- **Wound Care:** Expert wound management and treatment to promote healing.
- **Simple IV Antibiotics:** Administration of intravenous antibiotics as prescribed by healthcare providers.
- **Patient Monitoring:** Regular monitoring of vital signs and blood sugar levels to track and manage medical conditions effectively.
- **Caregiver Education and Training:** Providing comprehensive education and training to caregivers on various aspects of patient care, ensuring they are equipped to provide optimal support.
- **Daily Living Activities:** Advising on activities of daily living, including nutrition, counseling, and education to promote overall well-being.
- **Medication Management:** Monitoring medication compliance, administering medications, and providing dose-set packaging to ensure accurate and timely medication administration.
- **Personal Self-Care Assistance:** Assisting and managing patients with personal self-care needs, offering compassionate support and assistance as needed.

Our Nursing Home Healthcare Services are designed to enhance patient comfort, promote healing, and improve overall health outcomes, allowing patients to receive high-quality nursing care in the familiarity and convenience of their own homes.

PROCESS OF ADMISSION

A Home Healthcare Services Coordinator will perform an assessment to determine if these services are appropriate for you. If appropriate, we will process your information and schedule your visit.

We will provide you with detailed information about the services and grant you access to The View Hospital's mobile application for patient information.

You or a responsible family member will be asked to sign a general consent form. This consent allows Home Healthcare Services staff to provide routine care in your home. The form includes information about home healthcare visit schedules, routine treatments, and procedures, as well as an agreement to respect the home healthcare staff and ensure a safe working environment in your home.

Working Hours

Hours of Operation: From 08:00 to 20:00, Sunday to Thursday.
24-Hour Support: Available as required, including on-call support.

Service is delivered by a registered and licensed nurse of the Nursing Team
